SUBJECT: List of Studies prepared by The Engineer, AFPAC

TO: Chairman, Joint Intelligence Study Publishing Board
LaSalle Building
1034 Connecticut Avenue, N.W.
Washington, D. C.

1. The Intelligence Section of the Office of the Chief Engineer, AFPAC has prepared numerous Intelligence Studies on the Terrain of the Southwest Pacific Areas. Most of these studies were prepared during the period that that office was known as the SWPA. Attached hereto is the complete listing of the reports prepared by the Engineer, Intelligence Section, together with a letter transmitting this list to this office.

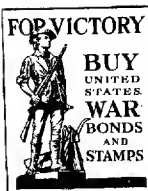

2. It will be noted that the inclosed letter calls attention to the fact that the reports prepared by the Engineers are incorrectly listed in the Bibliography, in that they are credited therein to the Allied Geographical Section, SWPA. It is suggested that the necessary changes be made to credit these reports properly.

3. In accordance with paragraph 3 of the attached letter, it is also requested that two (2) copies of the 15 May 45 bibliography and two (2) extra copies of all subsequent bibliographies be forwarded to this office for passing to the Engineer, AFPAC.
